The Client-Ready Checklist

27 practical checks for a clearer, more trustworthy online presence. Mark each item you can confirm, then choose three priorities. This is a self-review, not a score or a guarantee of sales or rankings.

Website clarity

- ☐ **01** Explain what your business does in the first visible heading.
- ☐ **02** Name the customers or situations your main service is for.
- ☐ **03** Show a clear next step near the top of the page.
- ☐ **04** Give each important service enough detail to help someone decide.
- ☐ **05** Explain price context and what is included when you publish a price.
- ☐ **06** Use an accurate biography and genuine qualifications, without invented claims.

Search and trust

- ☐ **07** Search your business name and confirm the right business appears.
- ☐ **08** Check Google profile eligibility before creating a new listing.
- ☐ **09** Keep the business owner in control of domain, hosting and profile accounts.
- ☐ **10** Check the actual phone number, hours and address or service area.
- ☐ **11** Use photos of real work only with the necessary permission.
- ☐ **12** Label concepts, sample results and fictional businesses clearly.
- ☐ **13** Request honest reviews neutrally, without rewards or positive-only screening.
- ☐ **14** Preserve testimonial wording, attribution and translation labels.

The Client-Ready Checklist

Contact and mobile

- [ ] **15** Test every phone, WhatsApp, contact and booking link on a phone.
- [ ] **16** Identify who receives each inquiry and explain the next step.
- [ ] **17** Complete a form test and confirm the correct success page.
- [ ] **18** Keep form labels clear; request only information needed to start.
- [ ] **19** Check text, buttons and menus at narrow mobile widths.
- [ ] **20** Check keyboard navigation and visible focus on important controls.
- [ ] **21** Confirm meaningful image descriptions and readable text contrast.

Social presence and consistency

- [ ] **22** Explain your main service and contact route in the social profile bio.
- [ ] **23** Link each useful post to the matching service or contact page.
- [ ] **24** Plan posts around real customer questions and approved material.
- [ ] **25** Choose a posting routine and approval owner your team can sustain.
- [ ] **26** Keep language, hours, prices and service details consistent across channels.
- [ ] **27** Review relevant inquiries alongside attention metrics, then choose the next improvement.

My three priorities

1 _____

2 _____

3 _____
